Clay,

As you are no doubt aware, I have had a working relationship with CFD since its inception. I have had a working relationship with the principal, J. E. Blizzard for over 26 years.

Contract Flooring has been the primary floor covering supplier for our company for over 20 years. The reason is simple: quality, integrity and service.

You can always be sure that CFD will work with you to find the right product at the right price. CFD always has the field work force to get the job done on schedule, and in accordance with the highest quality standards. They care about your schedule.

I would recommend Contract Flooring and Design to any GC looking for a good deal at a fair price. You just can't find better folks to deal with Contract Flooring and Design!
