To Whom It May Concern:

I have personally worked with Contract Flooring for 15 years, in the capacity of a Construction Supervisor at Food Lion running my own direct projects and now as the Construction Manager over the department. We completed 180 projects in 2008 and they were our preferred flooring contractor in approximately 70% of these projects. We have limited our flooring subs in all of our remodels to only two players due to the quality and dependability of their work and know that the pricing we are getting is a competitive price structure.

They have sold me on the following statement and have proved to me many times that they mean what they say. If an issue arises you can depend on them to handle it promptly.

“Any one can sell you flooring what we sell is a service”

I highly recommend them for any of your flooring needs from VCT, LVT, and Carpeting or for any of your hard tile needs.
